

~ In Memorium ~

WE MISS YOU Joe Mansfield, Jr.

Son, brother, family man,
co-worker, and most
notably friend.

*Joe Stanley Mansfield, Jr.
January 1, 1959 - April 21, 2016*

Joe is recognized for 39 years of industry service. He served customers in the wastewater management field since 1975. *He began working with Mansfield and Sons, Inc., alongside his Dad, Sonny Mansfield when he was just 16 years old.*

Joe really enjoyed the huge trucks and exploring the Eastern Shore.
This fascination drove him into the *family run business today, Mr. Rooter.*

He obtained numerous certificates and specialized licenses over the years.
He worked independently gaining respect of his customers.

We miss him very much and will keep his memory alive as a big part of our family run business.

Britt and Marsha Parks, Margaret Mansfield, and Mr Rooter Co-workers.
